

Matan Fadida

Profile

I am graduating in my third year, I am in the top 10% of my class. Looking for an opportunity to start my programming career in a company where I could contribute, learn and excel.

I'm ambitious, curious, self-taught, and a very hard worker. Capable of working alone as well as collaborating on a team committing to deadlines.

I'm educated with some of the recent developing technologies such as React Hooks, NodeJs, NextJs, JS, Python, C, C++, Java, SQL MongoDB, and ExpressJs.
